3. Markdown Comments

- mtcars is an R built-in data set based on data extracted from the 1974 *Motor Trend* US magazine, and comprises fuel consumption and 10 aspects of automobile design and performance for 32 automobiles (1973–74 models). **Here** you can find out more about this dataset.

4. Some more in-line code chunk specifying the number of rows in the mtcars dataset

```
## [1] 32
```

5. Integrating the code into the document
